MARKET AND INVESTMENT ACTIVITY

Despite the interruptions of the Easter holiday period, the Australian loan market remained active through April. The syndicated and club-style loan market continued to outpace 2018, with year-to-date issuance of ~A\$17b vs ~A\$12b pcp. Notable transactions completed during the month included refinancings for ASX-listed corporates OZ Minerals and Qantas.

During April, MXT made two new investments, being a loan to an ASX-listed borrower in the consumer staples sector and a loan to a residential development in Sydney.

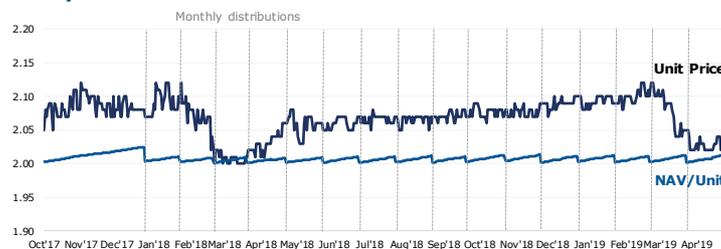

The fund exited two acquisition loans and a real estate development loan whilst retaining commitments in two other loans that were refinanced during the month. At the end of April, MXT was invested in 107 loans.

MXT announced a 1.00c per unit April distribution paid in early May, representing an annualised distribution rate of 5.52% since listing (exceeding the target return of RBA Cash Rate +3.25% pa (currently 4.75% pa)).

MXT has announced a pro-rata 1 for 1.8 non-renounceable entitlement offer of new fully paid ordinary units in the trust to raise up to \$400m. The capital raising will provide the Trust with additional scale to invest in a strong pipeline of investment opportunities, improve the Trust's liquidity and lower the total costs to unitholders whilst maintaining target returns.

The offer opened on the 7<sup>th</sup> of May 2019 and will close on the 27<sup>th</sup> of May 2019. Please refer to the Metrics website (www.metrics.com.au) for further details.
